Veneered products

This collection offers a wide range of veneer wardrobe doors, veneer kitchen doors, marquetry doors and panels along with furniture, such as tables, desks, room screens, bookcases, etc.

All materials are sourced directly from FSC managed forests ensuring that we care for our environment. Using British craftsmanship, each product in this range is handmade and finished using water-based lacquers to provide that ultimate finish.

Imagine the possibilities.

In this range you can let your imagination go wild and create something absolutely unique. Nothing compares to the finish and beauty of real wood.

Sample of timbers used are:

- Oak
- Walnut
- Ash
- Beech
- Maple

All veneered products can be supplied in a natural or stained finish.

Our products have solid timber lippings for that quality finish. Grain direction can be vertical or horizontal.

Create a truly bespoke product by creating your own inlaid marquetry design. Using laser cutting technology you can incorporate any design choice into a piece of furniture. (***show inlaid marquetry picture***)

The limit is ... your imagination.

Oak veneered bookcase, made to any size and specification.

Wall panel with inlaid walnut using laser-cutting techniques. Reverse image used on the desk.

Custom-made sign using inlaid laser cutting technology. Customer's own design used.

Made-to-measure veneered kitchen and bedroom doors and panels can also be made with inlay marquetry if required. Doors have solid timber lippings and are available in various timbers and finishes.

Custom-made elliptical board room beech veneered table with cherry banding and black ebony inlay on a beech base.

Basically Doors

We are a family run distribution company based in Barnoldswick, Lancashire. We are a trade supplier of full kitchens and bedrooms with over 20 years experience in the industry.

We supply standard or made to measure doors, carcasses and accessories to the trade. We pride ourselves in supplying quality products manufactured in the UK backed by our high standard of customer service.

Our wide product range includes PVC edged, vinyl wrapped, timber and Parapan solid acrylic doors, sliding bedroom doors, 18mm solid MFC rigid carcasses in any board colour, wirework, handles lighting and appliances.

We cater for the needs of every client, supplying just replacement doors through to full kitchens and bedrooms, which can be delivered anywhere within the UK.

Why not call to make an appointment to visit our trade showroom and see the full range of products on display, or ask for an introduction pack today?
